Off Season Evaluation & Recruiting Seminar

Badger Baseball Academy along with Nelson Baseball School and UW-Milwaukee head coach, Scott Doffek will be hosting an off-season evaluation for interested baseball players. This clinic will allow players the opportunity to learn of the skills that they should focus on to improve their game for the upcoming season. These evaluations will focus on all aspects of baseball, including: hitting, pitching, fielding, and catching.

For parents, we have added a Friday night College Recruiting Seminar. This seminar will help parents understand the college recruiting process and have the opportunity to ask questions. If parents have a child registered for the evaluation, the recruiting seminar will be at no additional cost. For those solely interested in the seminar, the cost is \$20.00.
